

## The Wellbeing Farm

### *Welcome to The Wellbeing Farm,*

We WANT you to have the best experience while you are here, but you will be aware that by law we MUST as a Covid-19 secure venue adhere to the restrictions laid down by the Government and our local authority.

We don't want to have to operate like the Covid Police, we want you to have an amazing experience, which is why we thought it would be easier if we provide some guidelines on what you can and can't do while you are a supplier at The Wellbeing Farm. It's up to everyone to take personal responsibility for everyone's safety.

Before coming to the event, it would be amazing if you could please take a lateral flow test within 48 hours of arrival – even better if you can show us the result when you arrive or declare a negative result. It would just make everyone a lot more relaxed and everyone will enjoy the experience more.

We do have a special policy for vulnerable guests – if you see anyone with a yellow wrist band, we will need to behave carefully around them and respect their social distancing.

# The Wellbeing Farm

Below is what we have told guests they can and can't do – sadly the same applies to you....

## WHAT YOU CAN DO (YAY):

-  Eat, drink and be merry and enjoy the delicious food and drink whilst seated
-  You CAN stand up and talk to your fellow guests. Just wear a mask inside and leave your drink at the table and return when thirst demands!
-  You CAN enjoy the music and entertainment (dance floors may be banned, but foot tapping and a bum wiggle from your seat is encouraged)
-  You CAN take off your masks whilst seated or outside (please wear it whilst moving around the venue)
-  You CAN make your own decision whether you feel safe and comfortable hugging and kissing loved ones (please respect other guests wishes to socially distance)
-  You CAN have photographs taken in groups without masks including a photo with a bowtie-wearing Llama!

## WHAT YOU CAN'T DO (SADLY):

-  Please DO NOT attend if you have any Covid symptoms including headache/cough / temperature/loss of taste and smell
-  You CAN'T eat or drink while standing. We are not allowed to serve any drinks at the Bar – it is table service only.
-  Play loud music
-  Dance inside the venue
-  Close the doors – we have to have good ventilation at all times (don't forget warm clothes just in case)...

Sadly, as a venue we've been told that we have a duty to notify the police and/or local authority if safety is being breached. It is now considered a criminal offence if a venue breaks the rules and we could face a serious fine or 2 years in prison. Therefore if we feel that anyone is behaving in an unsafe manner, we will have a quiet word with you and your organiser/couple, but if you keep doing it I'm

Sorry but you give us no choice but to notify the Council to protect us, which means the organiser/couple gets into trouble for not keeping their guests in order... We really hope we can all work together to ensure everyone has an amazing experience and a day to remember

Thank you so much for your cooperation.
