

The Wellbeing Farm

Welcome to The Wellbeing Farm,

We WANT you to have the best experience while you are here, but you will be aware that by law we MUST as a Covid-19 secure venue adhere to the restrictions laid down by the Government and our local authority.

We are fully aware that Covid has not gone away and we still wish to remain a 'safe' venue as I am sure you would still want us to remain this way.

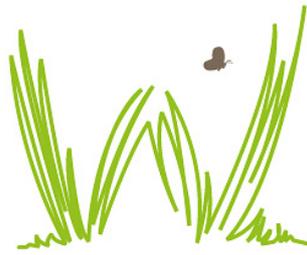

With this in mind, and for the safety of your guests and our staff, we will send you a personalised link for your event to pass on to your guests and suppliers, this is a straightforward form to complete and is NOT linked to the NHS app. If guests are double jabbed or have a covid passport then they are at low risk and can simply tick this on the form, if not, we do highly recommend that you ask your guests to take a lateral flow test the day before and they can add this information to the form. Our staff will also continue to take lateral flow tests regularly.

We don't want to have to operate like the Covid Police, we want you to have an amazing experience, which is why we thought it would be easier if we provide some guidelines on what you can and can't do while you are a guest at The Wellbeing Farm. It's up to everyone to take personal responsibility for everyone's safety.

If you are feeling a bit vulnerable, please let us know – we will give you a very special limited edition yellow wrist band so other guests and our staff know we need to behave carefully around you and respect your social distancing. We can even offer you a special place to sit if you want.

There is no legal requirement for your guests to be socially distant or to sit in bubbles, however, you may wish to consider this when planning your seating plan to ensure any vulnerable guests feel safe at your wedding.

The Wellbeing Farm

As much as we want you to have the best day possible we do have some rules we need to stick to, please see our do's and dont's list below. If you need any clarification on this then please as a member of staff.

WHAT YOU CAN DO (YAY):

-  Eat, drink and be merry and enjoy the delicious food and drink - you no longer need to be seated to do this
-  Wearing masks is now a personal choice. If you or your guests feel more comfortable wearing masks then please do so. Our staff will continue to wear masks to keep you safe
-  Dancing is now allowed and you may have a dance floor
-  You CAN make your own decision whether you feel safe and comfortable hugging and kissing loved ones (please respect other guests wishes to socially distance)
-  You CAN have photographs taken in groups including a photo with a bow tie-wearing Llama!
-  Our venue now only accepts card payments. Please make your guests aware of this

WHAT YOU CAN'T DO (SADLY):

-  Please DO NOT attend if you have any Covid symptoms including headache / cough / temperature / loss of taste and smell
-  Close the doors – we have to have good ventilation at all times (don't forget warm clothes just in case)...
-  Pay by Cash

Sadly, as a venue, we've been told that we have a duty to notify the police and/or local authority if safety is being breached. It is now considered a criminal offence if a venue breaks the rules and we could face serious fine or 2 years in prison. Therefore if we feel that anyone is behaving in an unsafe manner, we will have a quiet word with you and your organiser/couple, but if you keep doing it I'm sorry but you give us no choice but to notify the Council to protect us, which means the organiser/couple gets into trouble for not keeping their guests in order...

We really hope we can all work together to ensure everyone has an amazing experience and a day to remember ,Thank you so much for your cooperation.

Celia Gaze

Founder and Chief Amazement Officer, The Wellbeing Farm
