

Accommodation & Taxis

Did you know...?

We are surrounded by over 350 Rooms to stay in a 10-mile radius!

You all know that we at The Wellbeing Farm are a green and sustainable venue: it's so important to us to run weddings and events that are friendly to the environment. You may now be thinking that I'm going to tell you how our accommodation is eco-friendly; and while we COULD, this is not what we want to say.

Because being sustainable has a secondary meaning, a human one at that: it's to support the local community and businesses. This is where accommodation comes in.

Our Farmhouse offers a luxury stay for 4 guests, but one of the questions we get asked often for both weddings and corporate events is whether we offer more rooms on site: we sadly do not due to the sustainable ethos of the business.

It may seem at first that we're in the middle of nowhere with no places to stay for miles around, but in fact, that couldn't be further from the truth! We're in fact surrounded by places to stay, many of which are local farms that have converted into B+B's!

Travelling Home:

If you are worried about travelling or getting home at night, we have great relationships and deals with the local 'private hire service' for our guests. In addition, we lock the farm at night so cars can be left overnight in our car park. We've found the most reliable local firms below and they can provide minibuses from 5 to 44 seats.
