

# The Wellbeing Farm

## Packages for 2023

### We've been listening to you...

We recognise times are tough...

We recognise some of you don't want a full-blown wedding, but would prefer just a party...

So, we have got together, thought about our offers, and have on the table **three new offers for 2023 weddings...**

- (1) For those of you who are marrying elsewhere and are just after a party **'Let's Marry and Party Package'** - for those who want just a huge, relaxed party and celebration
- (2) For those of you who actually want to **get married at the farm with a late ceremony and then go straight into a big party** - then our 'Twilight Package' is the one you need.
- (3) For those of you wanting to experience a **full wedding at the farm but are after something to fit your budget for a 2023 wedding...** Our special 'Whirlwind Wedding Package' will hopefully help.

### Overleaf is a summary of the packages we offer.

Obviously if you want exclusive access with no restrictions and **something bespoke**, we also have our main wedding brochure and packages...
