

# WEDDING DO'S AND WEDDDING DON'TS

## WEDDING DO'S

Put yourselves first - this day is all about you!

Plan in advance - last minute chaos can cause stress!

Delegate! Allow people to help you if needed.

Personalise! This day should encompass you as a couple!

Enjoy every moment!

## WEDDING DON'TS

Worry about your guests needs above your own!

Leave important things until the last minute.

Take on every detail on your own - people are there to help!

Try and please people and end up not pleasing yourself!

Stress on the day!
